Parents and Guardians

You can take advantage of our Text Messaging Service

Our school utilizes the SchoolMessenger system to deliver text messages, straight to your mobile phone with important information about events, school closings, safety alerts and more.

You can participate in this free service* just by sending a text message of "Y" or "Yes" to our school's short code number, 67587.

You can also opt out of these messages at any time by simply replying to one of our messages with "Stop".

SchoolMessenger is compliant with the Student Privacy Pledge™, so you can rest assured that your information is safe and will never be given or sold to anyone.

School Messenger

In the 2017-2018 school year, we implemented School Messenger as our emergency communication platform. Many of you may remember getting my calls on early mornings for school cancellations; those messages came from School Messenger.

The benefit of School Messenger is that parents do not have to sign up to receive phone calls or emails because it syncs with our student information system, PowerSchool. With that being said, there is one piece of School Messenger that parents DO have to sign up for if they want it, text messaging.

There are times that the school will send out a text message along with an email for important reminders. Many times an email inbox can get cluttered and the text message is more effective.

If you would like to receive text message notifications from the school, please follow the directions on the flyer above or the handout in the Friday Folders. Parents that signed up last year do not have to sign up again this year.

Thank you

Mr. Haake
